## STATE OF NEW HAMPSHIRE.

{ L.S. }

To the inhabitants of the town of Raymond qualified to vote in town affairs.

You are hereby notified to meet at the Town Hall, in said town, on the second Tuesday of March, next, at ten o'clock in the forenoon, to act upon the following subjects.

1. To choose a Town Clerk for the ensuing year.
2. To choose three Selectmen for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose a Collector of Taxes for the ensuing year and fix compensation for collecting.
5. To choose a Water Commissioner for the ensuing three years.
6. To choose a Trustee of the Library for the ensuing three years.
7. To choose two Auditors for the ensuing year and all other necessary Town Officers.
8. To raise such sums of money as may be necessary for the maintenance of the poor, for the support of schools, for laying out and repairing highways, for building and repairing bridges and for all other necessary charges arising within the town.
9. To see what sum of money the town will vote to raise for lighting the streets.
10. To see what sum of money the town will vote to raise above what the law requires for the support of the library.
11. To see what sum of money the town will vote to raise to pay the fire company.
12. To see what sum of money the town will vote to raise for Old Home Week.

13. To see what sum of money the town will vote to raise for winding and keeping in repair the public clock.

14. To see what sum of money the town will vote to raise for Memorial Day.

15. To see if the town will buy a new hearse, and if so, what sum of money will they raise for the same.

16. To see if the town will vote to make a discount of 3 per cent on all taxes paid on or before July 1st, 1902.

17. To see if the town will vote to remodel the town house into a suitable building for schools and to raise such sums of money as may be necessary to carry such vote into effect.

18. To transact such other business as may properly come before said meeting.

Given under our hand and seal this nineteenth day of February,

A. D., 1902.

EDWIN S. POORE,      } Selectmen  
SHERBURN M. BLAKE,    } of  
                            } Raymond.

LEWIS O. POLLARD, Librarian.

## WATER COMMISSIONERS' REPORT.

---

Since the last report of the Water Commissioners there have been no extensions of the mains and only one new connection has been made. There has been some increase in the use of water over the previous year, owing to more tenements being occupied and some additions in the way of bath rooms, etc. There has been collected from water takers, \$138.19 more during the year just passed than during the previous year.

Thirty of the tubes in the boiler at the pumping station have had to be replaced with new ones. They were so much worn and encrusted with a scale that had formed around them that they were condemned by the inspectors representing the insurance company.

As it was unsafe to attempt these repairs without the use of another boiler to continue the pumping while the repairs were being made, we made an arrangement with Mr. C. A. Fox to allow us to connect the pumps by a line of pipe with his boiler at the electric plant. This was done and during the time the repairs were going on the pumps were run from this boiler. This seems to us to be a very desirable arrangement as the pumps can now be run in this way at any time when repairs are needed on the boiler at the pumping station as we now have the protection of two boilers instead of one.

The air pump at the station has become so badly worn that it is not doing the work in a satisfactory manner. It has become necessary as a matter of economy and safety to get a new pump. Accordingly we have ordered a pump to come on trial and expect it soon.

As some have complained that they thought the water was not as pure as it should be, we wish to say that Mr. W. B. Blake, one of the health inspectors, by order of the state board of health, took a sample of the water from the pipes and submitted it to the chemist of the board for analysis.

The analysis follows:

THE STATE OF NEW HAMPSHIRE  
STATE BOARD OF HEALTH.  
LABORATORY OF HYGIENE.

SANITARY WATER ANALYSIS.

PARTS IN 100,000.

CONCORD, N. H., JAN. 25, 1902.

Laboratory No. 376.

From W. B. Blake, Raymond, N. H. Source of sample, Tap at C. J. Whiting's store, water from 35 driven wells; turbidity, none; sediment, none; odor, very slight; color, 0.0: free ammonia, .0010; albuminoid ammonia, .0064; nitrates, .1900; nitrites, .0000; oxygen consumed, —; chlorine, 1.625; total solids, 11.90; fixed solids, 8.50; hardness, 4.20; iron, faint traces; lead, —.

Remarks: This is evidently a good water, clear, free from sediment, and organic matter. The chlorine content is above the normal for your town but as the wells are deep this cannot be due to local contamination. There is a very little iron present, but the quantity of mineral matter, as shown by the total solids, is considerable. This is to be expected in driven wells and is the cause of the hardness of the water being greater than that from surface wells or river water.

We shall be pleased to examine this water, or any others which you desire, at any time upon application.

Very respectfully,

H. E. BARNARD, Chemist.

By the analysis you will see that we have a very good water.

If at any time the water becomes milky or rusty in appearance the Water Commissioners should be informed of the condition so that they may have the pipes flushed. This will put the water in good condition at any time.

The list of the bills approved and the balance sheet follow.

Respectfully submitted,

CHARLES W. PRESCOTT, }  
CARL J WHITING, } Water  
CECIL E. HAM, } Commissioners.

## REPORT OF SCHOOL BOARD.

---

### ROLL OF HONOR.

Perfect attendance during entire school year.

Fannie K. Whitney,	Augusta May George,
Grace L. Pike,	Neva A. Sweeney,
Byron T. Littlefield,	Lenley D. Halliman,
George H. Spinney.	

During one term:

Lona May Hardy,	Ethel Moore,
Bessie B. Barteltt,	Grace A. Sinclair,
Harold E. Sweeney,	George H. Moore,
Frank W. Sinclair,	Roy L. Townsend,
Clifton C. Pinkham,	Dorothy I. Hilbourne,
Winnifred M. Townsend,	Oscar H. Littlefield,
Willard A. Littlefield,	George A. Palmer,
Marguerite A. Pierson,	Harriet J. Dudley,
James T. Dudley,	Ivan B. Morrison,
Fred Tuttle,	Arthur Brown,
May Brown,	Ethel Tuttle,
Minerva Tuttle,	Bertha L. Kimball,
Sarah J. McGall,	Guy E. Robie,
Leon G. Wendall,	Albert W. Dwight,
May M. Dwight,	Roger B. Maloon,
Fred Sinclair,	Esther Dame,
Hugh Whittier,	Harry D. Whittier.

After investigation and in response to a request from a number of the citizens of the Prescott district, the School Board decided to reopen the Prescott school in the spring term. This was done with but a small outlay for repairs. The largest number of scholars registered during the spring or fall term was ten.

The same arrangements with the Candia School Board that were made last year in regard to sending Raymond pupils to the Patten Hill and East Candia schools was extended for the present year and, as we believe, for the mutual advantage of both districts.

At the last town meeting the district voted to raise the same amount of money in addition to what the law requires as was raised last year for the support of schools; and this in addition to the amount brought over from last year in the hands of the Treasurer was sufficient to have given upward of thirty weeks of schooling for the entire district, but owing to the unprecedented snow storm early in December, it was deemed best to close the primary and outlying schools and reopen them very early in the coming spring. This was done in order that the younger pupils who were thus unable to attend regularly might have equal privileges with the larger pupils. We hope, therefore, that every person having pupils in their charge will thus see to it that the pupils may be prepared to attend their respective schools at the earliest day practicable in the coming spring, of which due notice will be given. We shall thus be enabled to give the full measure of schooling to all the schools in the district before the end of the school year on the first day of August next.

Fortunately and rather unexpectedly, under the provisions of Section 6 of Chapter 77 of the sessions laws of 1899, the Treasurer received in December the sum of \$230.58, and this in part accounts for the large amount left in the treasury. Let it be distinctly understood that the money we have thus received in the last three years, amounting in the aggregate to \$812.26 has been awarded not by the direct application of said law but by the latter part of said section, to wit: "The Governor and Council may, upon recommendation of the superintendent of public instruction, add to the class of towns specified above in this paragraph such other towns as may seem from their peculiar conditions to need relief from too great a burden of school taxation." This addition to the resources of this town is, therefore, in the nature of a reward of merit and is intended to increase the efficiency of our schools rather than to relieve the

town of taxation. The importance of keeping up the appropriation for school purposes to the usual amount is, therefore, apparent to all, and is hereby urged upon every voter; for the moment our school fund is diminished then will this state fund vanish.

The amount expended for text books is larger this year than usual for the reason that for two years past we have had an account with the American Book Co., whereby they were to take a large number of worn out books in exchange for new ones allowing a small amount for the old books. In July the company wished to close the account. Accordingly we collected all the worn out readers, spelling books, grammars and histories, replacing them with new books, this being the largest item in the text book line.

The truancy law adopted at the last school meeting meets with our hearty approval and its beneficial effect is very marked, especially as regards tardiness and days of absence. We are glad to note that parents are generally in accord with these by laws, and are willing to comply with their requirements.

Let every parent go one more step in this crusade for better schools, and consider every child (barring physical disability) between the ages of six and fourteen years of age for every day while the schools are in session as being actually in the service of the state; becoming for the time being the Junior militia of the state, receiving their instruction and orders from their teacher to whom alone they should be answerable.

On the whole we are glad to report that our teachers have been earnest and conscientious in their work, and the results are eminently satisfactory.

We wish to thank the people for the generous support they have given to us in the maintenance of our schools and for the growing interest manifested in educational matters.

LEWIS MORRISON, } School  
JOHN H. SMITH, } Board of  
JOHN M. CRAM, } Raymond.

---

We the undersigned, Auditors of the Accounts of School Board and Treasurer of School District of the Town of Raymond, have examined the accounts and find them properly cast and vouched.

J. EARL LADD,  
SHERBURN GOVE, } Auditors.

## BOARD OF HEALTH.

---

We the undersigned members of the Board of Health of the Town of Raymond submit the following report:

There has been but little work devolving upon us during the past year. One or two cases of nuisances have been reported to us which were speedily abated.

Of the various contagious diseases we have had but little to contend with. A few isolated cases of measles and one or two cases of scarlatina have developed during the past year.

Vancella, or chicken pox, has been quite prevalent during the past few weeks.

Variola, or small pox, has as yet, to make its appearance among us. Vaccination has not been indulged in to a very great extent by our citizens.

We consider our sanitary conditions most excellent and could at present advise no means to improve them.

A sample of the public water has been analyzed by the state chemist and found to be still pure. Being taken from so far down in the earth it must necessarily be very hard, being loaded with mineral matter, which is in no way detrimental to the general health. No case of typhoid fever has ever been traced to this water as yet.

Every case of contagious disease has been at once quarantined and no epidemic has prevailed except vancella as above mentioned. Put aside the prevailing "colds" the general health of our citizens have been unusually good.

All of which is respectfully submitted,

GEORGE H. GUPTILL, } Board of  
JOHN W. PRESCOTT, } Health.

BIRTHS REGISTERED IN THE TOWN OF RAYMOND FOR THE YEAR 1901.

DATE OF BIRTH	NAME OF CHILD	NAME OF FATHER	MAIDEN NAME OF MOTHER
